

Ajita Rattani
 Assistant Professor,
 Dept. of Computer Science and Engineering,
 Director of Visual Computing and Biometric Security Lab:

<https://vcbsl.github.io/lab-website/> email: ajita.rattani@unt.edu

Research Interests: Biometrics, Computer Vision, Deep learning, Medical Vision, Fairness of AI, Self-supervised Learning, Adversarial Learning

Research group: 8 PhD. students and 1 MS student

Fairness of AI

Aim: To mitigate performance differential of various AI based systems

- Facial Analysis based Systems

- Natural Disaster Assessment Models

GENDER

LANGUAGE

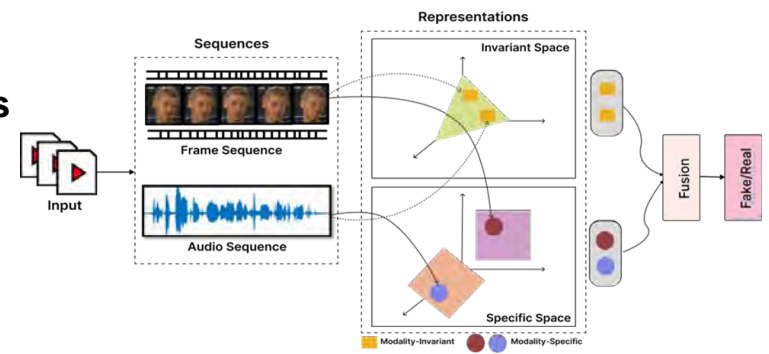

SOCIOECONOMIC

Biometric-based Person Identification

Mobile Security

Audio-Visual DeepFake Detection

On-device AI

- Neural network compression

Medical Vision

- ECG-based Arrhythmia Classification
- Health Cues from Facial Images

Drone Imagery

Funds: NSF SaTC, NSF EPSCoR

Funds: DOD DURIP, NSF SFS
