Credit Hours

Number of units assigned to each course. Referred to as “credits”, “hours” or “credit hours”. Tells you approximately how many hours per week you’ll be in class & approximately how many hours per week you’ll need to study for that course. It’s also used in the calculation of your GPA.

**How many hours do I earn for each course?**

Depends on the course. Usually 3 – 4 hours but courses can range from 1 to 5 hours.

**How many credits is full-time?**

12 hours (approximately 4 courses).

**How many hours can I take each semester?**

19 hours in the fall/spring semesters & 18 hours in the summer. This applies to credits enrolled at UNT & another institution (concurrent enrollment). You can receive overload approval to take more hours if you have met the following criteria:

- At least a 3.0 GPA on a minimum 15 hour UNT residence load for the semester just completed.
- At least a 3.0 GPA on a minimum 12 hour UNT residence load for the summer terms just completed.
- At least a 3.0 GPA on all work completed at UNT & a minimum 24 hours of credit in residence.

**Do I have to be a full-time student?**

No, not unless you are an international student, an athlete, a scholarship receipt or receiving maximum financial aid. To attempt a timely graduation date, you should plan to take 15-16 hours unless you work. Your number of work hours will impact the number of credit hours you should attempt each semester/term. Please consult with your advisor to determine the proper balance of work and school.

Classification

Your classification is based on the number of earned credit hours after semester grade posting; not the number of years you have been in school. Classification dictates your registration appointment time each semester & may impact your eligibility for scholarships, financial aid, internships, etc.

Grade Point Average (GPA)

Grades have a point value & courses are worth a certain amount of credit hours. GPA is calculated by dividing the number of grade points earned by the number of attempted hours. Attempted credit hours are used in calculating GPA. Credit hours earned by AP, CLEP, or IB & courses dropped “W” don’t count as attempted hours & don’t average into your GPA. Grades of “F” & “WF” are attempted hours & count heavily against your GPA!

How do grades convert to grade points?

• A = 4 points x # of credit hours course is worth
• B = 3 points x # of credit hours course is worth
• C = 2 points x # of credit hours course is worth
• D = 1 points x # of credit hours course is worth
• F = 0 points x # of credit hours course is worth

How to Calculate Your GPA:

• Determine grade points for each course using the conversion above
• Total your number of grade points
• Total your number of attempted hours
• Divide total grade points by total attempted hours
• Number that results = your GPA

Different types of GPAs:

• Semester or Term GPA: the GPA you earned for the semester/term just enrolled.
• UNT GPA: the cumulative GPA you earn in all UNT courses. A minimum 2.0 GPA is required.
• Overall GPA: GPA you earn in all courses (UNT & transfer). A minimum 2.0 GPA is required.
• Foundations GPA: GPA you earn in foundations courses. A minimum 2.5 GPA is required.
• Major GPA: the GPA you earn in courses in your major. A minimum 2.0 GPA is required.

You can access a GPA calculator at advising.unt.edu/about-your-gpa/calculate-your-gpa.

Grade Point Average (GPA): Academic Status

Your cumulative UNT grades are used to calculate academic status. Grades earned in transfer are considered in calculation of Graduation with Honors & fulfillment of degree requirements but are not considered with determination of academic status.

Academic Good Standing:
Standing if you earn at least a cumulative 2.0 UNT GPA. A 1.8 UNT GPA is acceptable during your 1st semester at UNT but it must be increased to at least a 2.0 after your 1st semester.

Academic Alert:
Standing if you are a freshmen & your UNT GPA falls below 1.8 during the 1st semester or falls below 2.0 during the 2nd semester. You can only be placed on alert once. You will be required to participate in the Academic Success Program offered through the Learning Center at the beginning of your alert semester. You must raise your UNT GPA to 2.0 or higher during your alert semester or you will be placed on probation.

Academic Probation:
Standing if you are not eligible for alert & your UNT GPA falls below 1.8 during the 1st semester or falls below 2.0 during any following semester. You must raise your UNT GPA to 2.0 to return to good standing or earn a semester GPA of at least 2.25 to remain on probation. You will be required to participate in the Academic Success Program offered through the Learning Center at the beginning of your probation semester.

Academic Suspension:
Standing if you fail to raise your UNT GPA to a 2.0 or earn a 2.25 semester GPA while on probation. A 1st suspension is for 1 long semester, a 2nd suspension is for 2 long semesters, & a 3rd suspension (indefinite suspension) is for 4 long semesters. You must petition to re-enter the College of Engineering after completing a 1st or 2nd suspension period. You might be allowed to return. If you are placed on a 3rd (indefinite) suspension, you might be allowed to return to UNT but you will be dismissed permanently from the College of Engineering.
Grade Point Average (GPA): Honors

**Semester Honors:**
Semester honors is determined from your fall or spring semester GPA & is documented on your UNT transcript. You must complete at least 12 hours to be recognized for honors. Summer GPA is not recognized for honors. Candidates for a 2nd bachelor's degree are not eligible for semester honors.

- President’s List: 4.000
- Dean’s List: 3.500 – 3.999

**Graduation with Honors:**
Graduation with honors is determined by your overall (UNT & transfer) GPA & is documented on your UNT transcript. Candidates for a 2nd bachelor’s degree are not eligible for graduation honors.

- Cum laude: 3.500 – 3.699
- Magna cum laude: 3.700 – 3.899
- Summa cum laude: 3.900 – 4.000

**Retaking Courses: Course Duplications**
If your transcript(s) contains the same course with an earned grade more than once, the 1st course/grade will be treated as a duplication & deleted from your GPA. Any additional courses/grades will be calculated into the GPA. This includes transfer courses/grades.

Course duplication will impact your GPA & your academic status (alert, probation, suspension, or good standing).

Please note engineering required courses must be completed with a grade of C or better. There is a 2 attempt limit on engineering required courses that require a grade of C or better no later than the 2nd attempt. **Only the last attempt/grade will be used in fulfilling prerequisite and/or corequisite fulfillment as well as certifying eligibility for graduation.** Contact your advisor to confirm how your GPA or graduation eligibility will be affected if you take a course more than once.

**Dropping or Withdrawing**

**Dropping:**
Dropping refers to removing yourself from one or more courses for the semester/term (but you remain in at least one course for the semester/term). You can drop yourself via the MyUNT registration system before or shortly after the semester/term begins. The MyUNT drop functionality usually expires on the 1st day of summer semesters/terms/sessions or approximately 12 days into the fall/spring semesters/terms. After the MyUNT drop functionality expires, you may still be able to drop via approval of your course’s instructor. Please see drop procedures & deadlines listed at unt.edu/registration. A “W” or “WF” may be recorded on your transcript. Please note that if you are enrolled in only 1 course for a summer session & you need to remove that 1 course, it is considered a withdraw & not a drop. Please see below for withdraw information.

Only 6 drops are allowed during your academic career unless you began college before the fall semester of 2007. Once the 6 drop limit is reached, no additional drops are approved.

**Withdrawing:**
Withdrawing refers to dropping all courses for the semester/term. You are not allowed to withdraw (drop all courses) via the MyUNT registration system. You must follow the procedures & deadlines listed at unt.edu/registration. A “W” or “WF” may be recorded on your transcript.

*Remember that a “WF” is calculated as a “F” grade on your GPA.*

Dropping or withdrawing may affect your financial aid and/or excessive hours.
Incompletes

An “I” or “Incomplete” grade is a pending grade on your record which does not affect your GPA. An “I” may be granted by the professor if you meet all of the following conditions:

- The final drop & withdraw deadlines for the semester/term have passed.
- You experience an emergency situation that prohibits you from completing remaining work.
- You have been earning a passing grade to the point of the emergency situation.
- You can complete & submit outstanding work within one year after the grade of “I” is granted.

Professors are not required to grant an “I” even if you meet the conditions. Each professor may use his or her discretion when deciding whether or not to grant an “I”. Incompletes must be completed within 12 months or an automatic grade of “F” will be posted on your transcript.

Pass/No Pass Grading Option

You may elect to take miscellaneous courses which are not needed for your degree plan or graduation under the Pass/No Pass Grading Option. Certain criteria must be met & you must obtain approval from your advisor after you have enrolled in the course. A “grade” of “P” or “NP” will be recorded on your transcript. This “grade” is not calculated into your GPA.

Registration

You will be using MyUNT located at my.unt.edu to register for courses each semester/term. Information on registration enrollment periods, payment deadlines, etc. can be located at unt.edu/registration.

Payment:
Failure to pay by the deadline listed will result in the cancellation of your entire schedule of classes.

Full Courses:
If a course you need to take is full, add yourself to the waitlist. Seats are given in position order as fully enrolled students vacate the course. The waitlist will not guarantee a seat in the course. You can waitlist for a maximum of 3 courses per semester/term. The waitlist option ends once registration closes for the semester/term.

Error Messages:
Contact the department that teaches the course if you receive an error message to seek an override into the course. Common error messages include prerequisite errors, corequisite errors & restricted section errors. Below are department contacts for some common courses:

Taking Courses at Another Institution: Concurrent Enrollment

You may take courses at another institution to apply at UNT if you meet all of the following conditions:

• The course(s) you plan to enroll in have been preapproved by the Engineering Advising Office.
• You do not violate the maximum semester/term credit hour limit or residency requirements at UNT.
• You are not attempting to graduate the same semester/term in which you are concurrently enrolled.
• You submit the official transcript for the concurrently enrolled course(s) to the UNT Registrar’s Office in the ESSC within 1 month of course completion/grade posting.

Enrollment in course(s) at another institution during your last/graduating semester will result in postponement of your graduation. This applies to summer enrollment as well as fall or spring enrollment.

Payment

You must register during open enrollment periods & pay by the deadline listed in MyUNT or www.unt.edu/registration. Failure to pay will result in the cancellation of your entire schedule of classes.

You must elect either the Traditional Tuition Plan or the Eagle Express Tuition Plan before your 1st semester/term begins. Information on both plans can be found at studentaccounting.unt.edu.

You have numerous options available to pay. These include financial aid, scholarships, grants, loans, & student employment. Refer to unt.edu/paying-for-college.htm for information.

If you have been awarded financial aid, please be aware that you must maintain Satisfactory Academic Progress (SAP) & Pace of Progression (POP) in order for your aid to continue. Refer to financialaid.unt.edu/satisfactory-academic-progress-requirements for information.

Tuition Increases

Repeated Course Tuition Increase:
If you are a Texas resident & you attempt certain courses more than twice, you are subject to pay an additional tuition rate per semester credit hour for the repeated course. Refer information at studentaccounting.unt.edu.

Excessive Hours Regarding Tuition:
Texas code specifies that resident undergraduates may be subject to a higher tuition rate for attempting excessive hours at any public institution.

If you initially enrolled in the fall 1999 semester (or later), you cannot exceed more than 45 credit hours of the number of hours required for the completion of your degree plan. Any hours beyond 45 are considered excessive & will result in additional tuition charges. If you initially enrolled in the fall 2006 semester (or later), you cannot exceed more than 30 credit hours of the number of hours required for the completion of your degree plan. Any hours beyond 30 are considered excessive & will result in additional tuition charges. Refer to information at studentaccounting.unt.edu.

Excessive Hours Regarding Financial Aid:
If you receive financial aid & maintain Satisfactory Academic Progress (SAP) & Pace of Progression (POP), your aid eligibility continues until you attempt 150% of the minimum credit hours required for your degree plan. For most students, once they attempt approximately 180 credit hours, their aid is discontinued.

Degree Audit (Plan)

The degree audit is an official document that lists all the courses & requirements you need to complete to earn your degree. It also shows the application of completed courses, credits, & requirements toward graduation. A degree audit must be created for you in order to progress toward graduation. Your degree audit will be created & emailed to your UNT email account orientation once you have completed sufficient coursework and degree requirements. Please contact the Advising Office for any questions or concerns regarding your degree audit.
Graduation

You must make an appointment with the Advising Office the semester before you plan to graduate to confirm that you are on track for graduation. Graduation can usually be achieved 4 years after you are enrolled in Calculus I (MATH 1710) & follow the correct requisite sequencing, follow the correct semester scheduling path, earn passing grades each semester/term, & complete approximately 30 degree accountable credits per year to progress to a timely graduation date. Please note that you cannot enroll in another institution during your final semester/term or else your graduation will be delayed. Please note that graduation often occurs within 5-6 years for most students.

You must apply for graduation at the beginning of your final semester via your Student Center in MyUNT at my.unt.edu. Refer to registrar.unt.edu for more information & the application deadline. Failure to apply by the deadline listed in your final semester will result in your failure to graduate or earn your degree even if you complete of your degree requirements.

Graduation Ceremony

Commencement is UNT's formal graduation ceremony. UNT offers 1 commencement in May for students who graduated in December, May, or August. In addition to commencement, the College of Engineering offers a college recognition ceremony in December & May for engineering students who graduated in December, May or August. In order to attend commencement and/or the college recognition ceremony, you must have applied for & been approved for graduation at the beginning of your final semester. Refer to unt.edu/commencement for more information.

Texas Success Initiative (TSI)
TSI is a program legislated by the State of Texas to improve the success of students in college. Students must prove they are TSI complete in reading, writing, and mathematics via exemptions, SAT, ACT, or transfer credit. If a student is not TSI complete, testing must be completed prior to enrollment in UNT courses. Successful TSI mathematics testing will allow entry into MATH 1100. Meet with the Learning Center in Sage Hall for more information.

Math Placement for Freshmen
If you have not earned credit for math courses via AP, IB, CLEP, or transfer credit, you must begin math courses based on your Math Group Level assigned by the Math Department:
- Math Level 1 or No Math Level: MATH 1100
- Math Level 2: MATH 1600 or 1650
- Math Level 3: MATH 1710

Math Placement Testing Options
If you feel that you are capable of beginning your math courses at a higher level than your Math Group Level or qualification based on earned math credit, you can seek approval into a higher math course via 3 options:
- Pearson MyMathTest – free online test. Must score a minimum of 70 to enter MATH 1710. Must score a minimum 10 to enter MATH 1650.
- Accuplacer – free on campus test. The test is available Mondays through Fridays from 8:30 A.M. to 3:00 P.M. in the General Academic Building (GAB) 443. Must score a minimum of 101 to enter MATH 1710. Must score a minimum of 86 to enter MATH 1650.
- ALEKS – online test which requires a small fee & completion of a 6 week long tutorial. Must score a minimum of 70 to enter MATH 1710. Must score a minimum of 50 to enter MATH 1650.

Please see math.unt.edu or contact the Math Department at (940) 565-2155 or General Academic Building (GAB) 440 for more testing information.

### FUNDAMENTALS OF ENGINEERING (FE) EXAM
This exam is not required in order to earn your engineering degree but it is generally your first step in the process to becoming a professionally licensed engineer. It is designed for recent graduates & students who are close to finishing an undergraduate engineering degree. Passing this exam legally certifies the candidate as an "engineer in training" (EIT) or an "engineer intern" (EI). UNT tutoring options for the exam can be found at engineering.unt.edu/engineering-exam.

### PRINCIPLES AND PRACTICES OF ENGINEERING (PE) EXAM
PE licensure is the engineering profession's highest standard of competence. EITs & EIs are permitted to attempt the exam after completing a minimum of 4 years of professional work experience under the supervisor of a PE. Passing the PE exam qualifies the candidate as a licensed professional engineer.
