

Undergraduate Academic Guidebook

2024-2025

Major Progression

All students pursuing an engineering degree must follow the major progression plan outlined below.

Pre-Major

- New applicants to the College of Engineering (including new, transfer, and 2nd bachelor's students) are identified as a pre-major when they meet criteria to be admitted to UNT.
- Returning student applicants and students changing their major to the College of Engineering are identified as pre-major if they have a minimum 2.0 UNT cumulative GPA (in academic good standing).
- To progress to Full-Major, students must have a minimum 2.0 UNT cumulative GPA (in academic good standing) and complete one of the mathematics conditions below:
 - Complete MATH 1650 (Pre-Calculus) with minimum grade of "C"; or
 - Complete MATH 1710 (Calculus I) with a minimum grade of "C" or via credit by examination; or
 - Test into MATH 1710 (Calculus I) via the placement option(s) below
- While classified as a Pre-Major, students can enroll in courses required for their degree plan if they meet prerequisite, corequisite, or any other enrollment criteria for those courses.

Full-Major:

- Students will be identified as a Full-Major once they have a minimum 2.0 UNT cumulative GPA (in academic good standing) and complete one of the mathematics conditions below
 - Complete MATH 1650 (Pre-Calculus) with minimum grade of "C"; or
 - Complete MATH 1710 (Calculus I) with a minimum grade of "C" or via credit by examination; or
 - Test into MATH 1710 (Calculus I) via the placement option(s) below
- While identified as a Full-Major, students can enroll in courses required for their degree plan if they meet prerequisite, corequisite, or any other enrollment criteria for those courses.

Construction Management majors can be admitted as full-major regardless of math eligibility.

Some freshmen/first time in college students have been admitted as full-major per previous, discontinued, criteria based on SAT/ACT scores and high school rank combinations.

Mathematics Readiness

Engineering majors require enrollment in a high-level math course in the 1st semester to attempt a timely graduation. Entry into math courses is dependent on TSI completion and either (1) entry via a placement test, or (2) completion of college level math prerequisite courses. Refer to page 58 for college level AP, IB, CLEP, DC, and/or transfer courses.

Prerequisite Sequence for Beginning Math Courses:

- MATH 340 (if TSI Required) or MATH 350 (if TSI required) → MATH 1100 → MATH 1650 → MATH 1710
- MATH 340 (if TSI Required) or MATH 350 (if TSI required) → MATH 1100 or MATH 1180 → MATH 1190

Courses must be completed with a minimum grade of "C" to meet prerequisite.

Pre-Placement for First Time in College/Freshmen:

TSI math complete students (without earned college level math credit) are assigned a Math Group Level based on SAT/ACT and high school rank:

- Math Level 1 or Blank Math Level: MATH 1100 (College Algebra)
- Math Level 2: MATH 1650 (Pre-Calculus) or MATH 1190 (Business Calculus)

ALEKS PPL Placement Test Option For TSI Complete Students – Launch Date is TBD:

- Online test which can be taken a maximum of 2 times
- Must score a minimum of 60 to enter MATH 1650 (Pre-Calculus) or MATH 1190 (Business Calculus)
- Must score a minimum of 75 to place into MATH 1710 (Calculus I)

UNT Canvas Placement Test Option For TSI Complete Students – Will End When ALEKS PPL Launches:

- Online test which can only be taken once
- Must score a minimum of 50 to enter MATH 1650 (Pre-Calculus) or MATH 1190 (Business Calculus)
- Must score a minimum of 70 to place into MATH 1710 (Calculus I)

More information on placement is located at math.unt.edu/academics/mathematics-placement.

UNT has 3 semesters – fall, spring, and summer. There are numerous sessions within each semester. Please note that not every course you need for your degree audit (degree plan) is offered every semester or every session. Also, please note that registration dates, payment dates, financial aid/scholarship disbursement, and drop/withdraw dates vary for each session.

Fall Semester - Session offered:

- Regular Session: August – December
- 8 Week 1 Session: August – October
- 8 Week 2 Session: October – December

Credit Hours

Number of units assigned to each course. Also referred to as “credits” or “hours”. It indicates approximately how many hours per week you’ll be in class and how many hours per week that you will need to study for that course. It’s also used in the calculation of your GPA.

How many hours do I earn for each course?

Depends on the course. Usually 3 – 4 hours but courses can range from 1 – 5 hours.

How many credits is full-time?

12 hours (approximately 4 courses).

How many hours can I take each semester?

19 hours in the fall/spring and 18 hours in the summer with the following restrictions per session: 4 hours in 3 week sessions, 8 hours in 5 week 1 session, 7 hours in 5 week 2 session, 9 hours in 8 week sessions, and 12 hours in 10 week session. This applies to credits enrolled at UNT and another institution (concurrent enrollment). You may receive overload approval to take more hours if you meet certain GPA criteria.

Do I have to be a full-time student?

No, not unless you are an international student, athlete, scholarship recipient or receiving maximum financial aid. To attempt a timely graduation, you should plan to take 15-16 hours each semester unless you work. Your number of work hours will impact the number of credit hours you should attempt each semester. Please consult with your advisor to determine the proper balance of work and school.

Classification

Your classification is based on the number of earned credit hours after semester grade posting; not the number of years you have been in school. Classification dictates your registration appointment time each semester and may impact your eligibility for scholarships, financial aid, internships, etc.

- *Freshman:* 0 – 29 hours
- *Sophomore:* 30 – 59 hours
- *Junior:* 60 – 89 hours
- *Senior:* 90+ hours

Grade Point Average (GPA)

Grades have a point value and courses are worth an amount of credit hours. GPA is calculated by dividing grade points earned by the number of attempted hours. Grades of “CR” (AP, CLEP, IB credits) and “W” don’t count as attempted hours in GPA calculations. Grades of “F” are attempted hours and count heavily against your GPA.

How do grades convert to grade points?

- A = 4 points x # of credit hours course is worth
- B = 3 points x # of credit hours course is worth
- C = 2 points x # of credit hours course is worth
- D = 1 points x # of credit hours course is worth
- F = 0 points x # of credit hours course is worth

How to calculate your GPA:

- Determine grade points for each course using the conversion above.
- Total your number of grade points and your number of attempted hours.
- Divide total grade points by total attempted hours.
- Number that results = your GPA.

Different types of GPAs:

- Semester or Term GPA: the GPA you earned for the semester/term just enrolled.
- UNT GPA: the cumulative GPA you earn in all UNT courses. A minimum 2.0 GPA is required.
- Overall GPA: GPA you earn in all courses (UNT and transfer). A minimum 2.0 GPA is required.
- Major GPA: the GPA you earn in courses in your major. A minimum 2.0 GPA is required.

You can access a GPA calculator at advising.unt.edu/about-your-gpa/calculate-your-gpa

Grade Point Average (GPA): Academic Status

Your cumulative UNT grades are used to calculate academic status. Grades earned in transfer are considered in calculation of Graduation with Honors and fulfillment of degree requirements but are not considered with determination of academic status.

Academic Good Standing:

Standing if you earn at least a cumulative 2.0 UNT GPA. A 1.8 UNT GPA is acceptable during your 1st semester at UNT but it must be increased to at least a 2.0 after your 1st semester.

Academic Alert:

Standing if you are a freshman and your UNT GPA falls below 1.8 during the 1st semester or falls below 2.0 during the 2nd semester. You can only be placed on alert once. You will be required to participate in academic coaching sessions via the Learning Center during your alert semester. You must raise your UNT GPA to 2.0 or higher during your alert semester or you will be placed on probation.

Academic Probation:

Standing if you are not eligible for alert and your UNT GPA falls below 1.8 during the 1st semester or falls below 2.0 during any following semester. You must raise your UNT GPA to 2.0 to return to good standing or earn a semester GPA of at least 2.25 to remain on probation. You will be required to participate in academic coaching session via the Learning Center during your probation semester.

Academic Suspension:

Standing if you fail to raise your UNT GPA to a 2.0 or earn a 2.25 semester GPA while on probation. You are prohibited from attending UNT for 1 long semester for a 1st suspension or 2 long semesters for a 2nd suspension. You must petition for approval to re-enter the College of Engineering after completing the suspension period. You will be dismissed permanently from the College of Engineering if you are suspended a 3rd time.

Grade Point Average (GPA): Honors

Semester Honors:

Semester honors is based on your fall or spring semester GPA and is documented on your UNT transcript. You must complete at least 12 hours to be recognized for honors. Summer GPA is not recognized for honors. Candidates for a 2nd bachelor's degree are not eligible for semester honors.

- *President's List:* 4.000
- *Dean's List:* 3.500-3.999

Graduation with Honors:

Graduation with honors is based on your overall (UNT and transfer) GPA and is documented on your UNT transcript. Candidates for a 2nd bachelor's degree are not eligible for graduation honors.

- *Cum laude:* 3.500 – 3.699
- *Magna cum laude:* 3.700 – 3.899
- *Summa cum laude:* 3.900 – 4.000

Cancelling, Dropping or Withdrawing

Cancelling:

This refers to removing yourself from one, some, or all of your courses before the semester has started. You can do this via MyUNT. Refer to registrar.unt.edu for information and deadlines.

Dropping:

This refers to removing yourself from one or some courses (but remaining in at least one course) after the semester has started. You can do this via MyUNT. Refer to registrar.unt.edu for information and deadlines. Only 6 drops are allowed during your academic career. Once the 6 drop limit is reached, no additional drops are approved.

Withdrawing:

This refers to removing all of your courses after the semester has started. You are not allowed to withdraw via MyUNT. You may withdraw via the procedures and deadlines listed online. Refer to registrar.unt.edu.

Dropping or withdrawing may affect your financial aid and/or excessive hours.

Retaking Courses: Course Duplications

If your transcript(s) contains the same course with an earned grade more than once, the 1st grade will be treated as a duplication and will be deleted from your GPA. Any additional grades will be calculated into your GPA. This includes transfer courses/grades. Course duplication will impact your GPA, academic status and excessive hours.

Engineering major required courses must be completed with a grade of "C" or better. Only the last grade will be used in fulfilling prerequisite, corequisite, full-major eligibility, and graduation eligibility. Contact your advisor to confirm how you will be affected if you take a course more than once.

Incomplete Grade

An Incomplete ("I") grade is a pending grade. A professor may grant an "I" if you meet all of these conditions below:

- The final drop and withdraw deadlines for the semester have passed.
- You experience an emergency that prohibits you from completing remaining work.
- You have been earning a passing grade to the point of the emergency.
- You can complete and submit outstanding work within 12 months after the grade of "I" is granted.

Professors are not required to grant an "I" even if you meet the conditions. An "I" grade does not impact your GPA, but it will automatically convert to a "F" grade if you do not complete the "I" within 12 months.

Pass/No Pass Grading Option

You may elect to take a course under the Pass/No Pass grading option if it is not a prerequisite or required for your degree plan. Certain criteria must be met and you must obtain approval from your advisor after you have enrolled in the course. A "P" or "NP" will be recorded on your transcript and is not calculated in your GPA.

Taking Courses at another Institution: Concurrent Enrollment

Courses taken outside of UNT will not be applied to your degree audit unless you meet all of the following criteria:

- The course you plan to take has been pre-approved by your advisor.
- You do not violate the maximum semester credit hour limit or residency requirements at UNT.
- You are not attempting to graduate the same semester in which you are concurrently enrolled.
- You submit the official transcript for the course to the Registrar's Office within one month of completion.

Your department reserves the right to reject online courses and/or courses at certain institutions.

Concurrent enrollment in your last semester will delay graduation. You will not graduate or earn your degree until the following semester.

Registration and Payment

You will use MyUNT to register for courses each semester/term. Information on registration enrollment periods, payment deadlines, etc. can be located at registration.unt.edu.

You must arrange payment prior to the payment deadline listed in MyUNT or online. Failure to pay by the deadline listed will result in the cancellation of your entire schedule of classes. You must elect a tuition plan before your 1st semester/term payment deadline. Information on plans is located at sfs.unt.edu. You have numerous options available to pay. Refer to registration.unt.edu/cost-funding for information. If you have been awarded financial aid, refer to financialaid.unt.edu for information.

Canvas

This is where professors can post course syllabi, announcements, deadlines, assignments, grades, etc. Also, through Canvas, you can communicate with your professor and classmates in each course. After registration, your enrolled courses will be added to Canvas.

Registration Tips

Holds:

Holds are items that you need to complete prior to registration. Your holds are listed on your "Tasks" file in MyUNT. If you have an "Advising Required" hold, you must meet with an advisor before you can register for courses in the upcoming semester.

Full Courses/Waitlist:

If a course is full, add yourself to the waitlist. Seats are allotted in position order. As fully enrolled students vacate the course, you may move into an enrolled status in the course. The waitlist does not guarantee a seat in the course. You can waitlist for a maximum of 3 courses per semester/term. The waitlist option ends once registration closes for the semester/term. The waitlist cannot move you if you are already enrolled in another section of the same course or if you are enrolled in a section of a course that overlaps with meeting days/times.

Visual Schedule Builder:

This tool in MyUNT will allow you to graphically view schedule options based on the course time offerings that works best for you. Be certain to pay attention to courses that are full (closed/waitlisted), and course locations to allow commute time between main campus, Discovery Park, and/or Frisco campuses.

Error Messages:

If you receive an error message when attempting to enroll into an open course or to the waitlist of a full course, please read the message to learn why you received it. Common errors refer to prerequisite, corequisite, and restricted sections.

Overrides:

If you received an error message by mistake (i.e. your transfer prerequisite or corequisite is not recognized by MyUNT), contact the department that teaches the course. Below are department contacts for some common courses:

- BIOL: Submit request at <https://biology.unt.edu/undergraduate/advising>

- TECM: Contact tcoffice@unt.edu

Be prepared to provide your name, ID number, course/section you are wanting to enroll in, and proof of prerequisite or corequisite. Some departments (like the Math Department) may require proof of the final grade in the prerequisite or corequisite before processing the override.

Tuition Increases

Repeated Course Tuition Increase:

If you pay under the Texas resident tuition rate and you attempt courses more than twice, you are subject to pay an additional tuition rate per semester credit hour for the repeated course. Refer to information at sfs.unt.edu.

Excessive Hours Tuition:

If you pay under the Texas resident tuition rate, you may be subject to a higher tuition rate once you exceed more than 30 credit hours above the number of hours required for your degree plan. Additional hours are considered excessive and will result in additional tuition charges. Refer to information at sfs.unt.edu.

Maximum Hours - Financial Aid:

If you receive financial aid and maintain Satisfactory Academic Progress (SAP) and Pace of Progression (POP), your aid eligibility continues until you attempt 150% of the minimum credit hours required for your degree plan. For most students, once they attempt approximately 180 credit hours, their aid is discontinued.

Degree Audit (Plan)

The degree audit is the official document that lists all the requirements you need to complete to earn your degree. It tracks the application of completed requirements each semester/term. You can view your degree audit at mydegreeaudit.unt.edu. Please contact the Engineering Advising Office for any questions or concerns.

Graduation

Graduation can usually be achieved 4 years after you are enrolled in Calculus I (MATH 1710), enrolled in the entry level engineering course(s) for your major, follow the correct requisite sequencing, follow the correct semester scheduling path, earn passing grades each semester/term, and complete approximately 30 degree required credits per year. Please note that graduation often occurs within 5-6 years for most students.

You must apply for graduation before the beginning of your final semester via MyUNT. Refer to registrar.unt.edu for more information and the application deadline. Failure to apply by the deadline will result in your failure to graduate or earn your degree even if you complete all of your degree audit requirements.

If you enroll in courses at another institution during your final semester/term, your graduation will be delayed to the following semester/term. You must meet with your academic advisor for a graduation check the semester before you plan to graduate.

Commencement

Commencement is the name of the graduation ceremony. Commencement is offered in December for students who earn their degree in fall or in May for students who earn their degree in spring. Students who earn their degree in summer can choose to attend the December or May commencement.

In order to attend commencement, you must apply for graduation before the beginning of your final semester and be approved by your academic advisor. You cannot attend commencement for a semester in which you are not graduating. Refer to unt.edu/commencement for more information.

Advising

Academic Advisors:

Located in Discovery Park E 201, these advisors counsel you on academic goals and requirements in order to earn your degree. You should meet with your advisor each semester. Use navigate.unt.edu to schedule your appointment. Allow 3 weeks for an available opening and note that you will lose your appointment if you are late. Preparation You Need to Secure a Full-Time Job

Get an Internship

Your Career Center advisor can assist you with applying for paid internships which provide you with the hands-on experience that all employers want when considering you for a full-time position after you have graduated. The Career Center also hosts 2 engineering/STEM career fairs each year and offers services in resume writing, cover letter writing, interviewing skills, and printing free business cards.

Assist with Research

Research opportunities exist within engineering departments as well as national and international team competitions mentored by organizations or industry. Enrollment in zero credit research course(s) reflect your research experience but require no cost or grade documentation.

Earn a Graduate Degree

You can pursue the Grad Track program **while completing your bachelor's degree** to accelerate the time required to earn a Master of Science (MS) or a Doctor of Philosophy (PhD) degree. Students are allowed to count courses toward **both their bachelor's and graduate degree**, saving both time and money.

Eligibility: Students should apply for the Grad Track Program the semester before their Senior Design or Capstone rotation begins. Successful applications typically have a GPA of 3.5 or better. Students typically earn a MS or PhD in the same or a similar program as their **bachelor's** program. Students have to enroll full-time in the MS or PhD program in the first long semester after completing their **bachelor's** degree in order for the completed graduate-level courses/hours to count toward the graduate degree.

To Apply: Each department has its own application for Grad Track. You may also have to submit transcripts and letters of recommendation. Please visit your **department's website** and/or **contact your department** for more information.

Get Licensed:

Fundamentals of Engineering (FE) Exam: is not required in order to earn your degree but it is generally your first step in the process to becoming a professionally licensed engineer. It is designed for recent graduates and students who are close to finishing an undergraduate degree. Passing this exam legally certifies the candidate as an "engineer in training" (EIT) or an "engineer intern" (EI). UNT tutoring options for the exam can be found at engineering.unt.edu/engineering-exam.

Principles and Practices of Engineering (PE) exam: PE licensure is the engineering profession's highest standard of competence. EITs and EIs are permitted to attempt the exam after completing a minimum of 4 years of professional work experience under the supervisor of a PE. Passing the PE exam qualifies the candidate as a licensed professional engineer.
