

Theme: Welcoming ALL Students Intentionally

Role Model in STEM: Keynote

Brianne C. Martin

Thursday, 8:00 to 8:30 am

Room: K150

Brianne C. Martin, also known as The People Engineer®, is a servant leader and international speaker with expertise in effective systems engineering, relationship building, and auditing prowess. Her skill set is harmonizing humans; prioritizing people, processes, & performance by streamlining, enhancing productivity, and implementing structured accountable cultures as a consultant through BCM Engineered Solutions. Brianne has experience in defense, design, commercial aerospace, & automotive manufacturing industries. Through various leadership roles, she's built over 12 leadership programs, mentored, and coached 75 early career engineers, and led multiple change management initiatives at local, regional, national, & international levels.
