

***Distinguished Engineering Lecture Series***  
***and***  
***Engineering Leadership Lecture Series***

Distinguished Engineering Lecture Series brings national academy of engineering and science members and others of similar caliber to campus for scientific exchanges and dialogue. Department and college will co-fund one Lecture per semester. Department Chair will work with faculty to select candidates and submit to college for coordination. Department will schedule and host the visit. Deadline for Fall lecture is September 15 and deadline for Spring Semester is January 30.

Engineering Leadership Lecture Series: This lecture series bring deans, chairs and senior leadership from industry to campus for scientific exchange. This series also will provide greater exposure to our programs and excellence. Department will fund one Lecture per semester in each department. Department Chair will work with faculty to select candidates. Department will be responsible for scheduling and hosting the visit.
